

Bedtime Stories: Archie The Friendly Spider (Childrens Fantasy) - Heroic Rescues & Water Monsters!

Fourth Archie Kids Book In A Series Of Childrens Fantasy ebooks This is the Fourth book in this series of childrens fantasy bedtime stories, and features three short bedtime stories for children. In this childrens book, Archie plays the Good Samaritan by rescuing a wee mouse. He finds out about his grandfather who was a famous Scottish hero in the second story, and finally in the third story Archie and his friends take a trip to the beach and encounter some strange creatures! Archie the Friendly Spider, Is a Scottish spider that wears the tartan of Clan Lamont and lives alone with his mother - his father having mysteriously disappeared. He has no brothers or sisters and is just old enough to go outside to play by himself. Being a very lonely little spider, Archie decides that he needs some friends, and so his adventures begin by seeking to make friends first with the children that live next door, and then with the other animals that inhabit his neighbourhood. This is a series of short bedtime stories to entertain your children, and also to help alleviate any unnatural fear of spiders and other creepy crawlies that they may have. For myself - I have enjoyed writing them, I do hope and trust that you enjoy reading them as much! Books in the series Archie The Friendly Spider include: * Book 1 - Archie Looks For A Friend * Book 2 - Archies Adventures Begin * Book 3 - Edinburgh Zoo Adventures * Book 4 - Heroic Rescues & Water Monsters! Four book bundle featuring all four books + one story exclusive to this bundle!
