

## Hamilton Hotel, Bermuda: A Convenient, Picturesque, and Salubrious Winter Resort (Classic Reprint)

Excerpt from Hamilton Hotel, Bermuda: A Convenient, Picturesque, and Salubrious Winter Resort Small patches of land are selected here and there, are carefully spaded - the plow not being in common use - and from them the surprisingly large crops are realized. The land is quite generally inclosed by the Oleander, and to prevent inroads upon it all creatures that feed out-of - doors, from a hen to a cow, are usually tied. The poor things have that resigned look peculiar to individuals linked to any thing from which they are too weak or too stupid to escape.
