

The Gripping Hand (Mote Series Book 2)

For the safety of mankind, the aliens called Moties have been quarantined for 25 years (see THE MOTE IN GODS EYE) and are now poised to break out of their solar system and spread rapidly into humanity's space. Kevin Renner, Horace Bury, Rod Blaine and other characters introduced in THE MOTE IN GODS EYE must now find new ways to cope with the inevitable Motie expansion while trying to protect humanity. Sequel to the novel Robert A. Heinlein called Possibly the finest science fiction novel I have ever read. There is action aplenty, fast movement, [and] space battles This is one you'll love. - Analog a major novel, sure to be one of the most popular books of the coming year. - Science Fiction Chronicle Fast furious fun - New York Review of Science Fiction Superbly crafted This one was worth the wait. I recommend it to all science fiction fans - Nashville Banner few readers are likely to be disappointed. A good bet to make the Hugo ballot, as well as the bestseller lists. - Kirkus Reviews Mote fans, go get it. - Los Angeles Reader The Gripping Hand is pure science fiction in the action adventure tradition. - Bookpage readers will be hooked. - Publishers Weekly The Gripping Hand is a grand space adventure well worth the 18-year wait. Niven and Pournelle once again have proven a formidable writing team. - Daytona Beach News Journal The Gripping Hand is a gripping read. - Atlanta Journal Constitution inventive in its science fiction - Chicago Sun-Times it is a pleasure to return to the company of what is surely one of the most intriguing, endearingly quirky alien races in all of science fiction. - Booklist fans of Niven and Pournelle won't be disappointed with their latest effort. - Flint Journal on LARRY NIVEN and JERRY POURNELLE: Nobody does it better than Niven and Pournelle - Tom Clancy The team of Jerry Pournelle and Larry Niven is

one of the best in science fiction. - The Washington Times Few writers have a better pedigree - Los Angeles Times on THE MOTE IN GODS EYE: As science fiction, one of the most important novels ever published. - San Francisco Chronicle Possibly the greatest science fiction novel I have ever read. - Robert A. Heinlein A superlatively fine novel no writer has ever come up with a more appealing, intriguing, and workable concept of aliens. - Columbus Dispatch A spellbinder, a swashbuckler And, best of all, it has a brilliant new approach to that fascinating problem -- first contact with aliens. - Frank Herbert One of the most engrossing tales Ive read in year fascinating. - Theodore Sturgeon Intriguing and suspenseful the scenes in which the humans and aliens examine one another are unforgettable. - Minneapolis Tribune
